Summary

Practically trained and growth-focused Computer Science student with a strong foundation from diploma to B.Tech. Built impactful projects like SkillSwap (MERN stack) and a Face Recognition System using Python. Known for leadership, real-world problem-solving, and a mindset to learn fast, build smart, and contribute from day one.

Professional Experience

Industrial Training – CS Infotech, Chandigarh
4-week hands-on training in Python and OpenCV (Face Recognition System)

Education

B.Tech in Computer Science   2023 – 2026
Guru Nanak Dev University Amritsar , Punjab
CGPA- 7.30(till 6th sem)

Diploma in Computer Science   2020 – 2023
Dr. B.R Ambedkar Government Polytechnic College,Ambota
Marks- 69%

10 Standard   2019–20
BBMB D.A.V. PUBLIC SCHOOL, NANGAL TOWNSHIP
Marks- 62.2%

Skills

Languages
Java, C++, Python (basic), HTML, CSS, JavaScript

Web Dev
React, Node.js, Express.js, MongoDB

Tools/IDE
Git, GitHub, VS Code, PyCharm, Postman, Arduino IDE

Languages

English

Hindi

Projects

SkillSwap
A MERN stack-based platform enabling users to connect and exchange skills through searchable profiles, blog posts, ratings, and chat. Built with React, Tailwind CSS, Node.js, Express, and MongoDB.
